ETHAN XAVIER PETERS

WEB & APP DEVELOPER | FRONT-END DEVELOPMENT | UI/UX

Midrand, Johannesburg, South Africa • +27 66 255 5934 • ethanxavier1905@outlook.com
Portfolio: xavier19052003.github.io/TheXavierArtStudio/ • GitHub: github.com/TheXavierArtStudio

PROFESSIONAL PROFILE

Final-year Bachelor of Information Technology student specialising in Web & App Development, with hands-on experience building responsive commercial websites, e-commerce interfaces and Android applications. Combines front-end engineering with UI/UX design, product content management and practical quality assurance. Three-time STADIO Hackathon winner (2024–2026) with experience working on live client websites and collaborative software projects. Seeking graduate or junior opportunities in front-end, web, mobile or full-stack development.

TECHNICAL EXPERTISE

Front-end: HTML5, CSS3, JavaScript, TypeScript, React, Vite, responsive design, GSAP

Mobile & back-end: Android Studio, Kotlin / Jetpack Compose, Python, PHP, ASP.NET Core MVC

Data & tooling: SQL, MySQL, SQL Server, SQLite, Git, GitHub, WordPress

Design & delivery: Figma, Adobe Illustrator, UI/UX prototyping, accessibility, QA testing, product photography

PROFESSIONAL EXPERIENCE

Front-End Web Developer | 360 Solution Technologies

2026 • Approximately 7 months

- Contributed to front-end development and maintenance of e-commerce experiences for sunglasses and footwear businesses.
- Managed product catalogue and inventory-related site content, supporting accurate product presentation and updates.
- Produced product photography and digital assets for online retail listings and tested checkout and payment flows for usability and reliability.

Freelance / Client Web Developer | Selected projects

2026

- Built and refined responsive client websites with emphasis on brand consistency, intuitive navigation and polished product presentation.
- Developed Nature’s Nurture, a multi-page FMCG platform with React, Vite and TypeScript, covering products, brands, retailers and contact journeys.
- Implemented iterative design revisions, reusable components, responsive layouts and launch-ready content across client projects.

SELECTED PROJECTS

Nature’s Nurture | FMCG Website

React • Vite • TypeScript • CSS • GSAP

- Created a professional, product-led website with dedicated product, brand, company, retailer and contact pages; improved responsive heroes and merchandise imagery.

FRS VIP Protection | Live Website

Web design • Front-end development

- Produced a live, responsive business website with clear service presentation and mobile-friendly navigation. Live: xavier19052003.github.io/FRS-VIP/

ADDITIONAL PROJECTS

BlaqPearl | Live Website

Web development • Commercial delivery

- Contributed to a live client-facing website and responsive online experience. Live: blaqpearl.co.za

EduSwap | Student Textbook Marketplace

Android Studio • Kotlin • MVVM

- Developed an Android marketplace concept with registration, searchable textbook listings, book detail pages, selling flows and in-app messaging.

Active Autism & Neuro-Diversity Allyship | University Team Project

Website front-end lead • Cross-functional collaboration

- Led front-end implementation of public-facing sections including contact, donations, shop, ticketing, resources and gallery.
- Collaborated in a multi-developer team and contributed to accessibility and responsive quality checks.

Other work

Academic and portfolio projects

- MindMate AI, Kojo, Xavier Art Studio and additional web and app prototypes exploring user-centred digital products.

EDUCATION

Bachelor of Information Technology | Web & App Development

STADIO Higher Education • 2024–2026 • Expected completion: 2026

Relevant areas: web and mobile development, software engineering, database systems, application development and user interface design.

National Senior Certificate / Matric

TENEO Online Schooling • Previous schooling: Westville Boys' High School

ACHIEVEMENTS

- STADIO Hackathon Winner — 2024, 2025 and 2026.
- STADIO Project Day Excellence Award.
- Recognised for strong academic performance, including a top-5% academic achievement.

ADDITIONAL STRENGTHS

Problem-solving • Team collaboration • Visual communication • Client feedback integration • Attention to detail • Self-directed learning
